THE FIRST BATTLE.

Buffalo Horn and Three Soldiers Reported Killed.

Reports from the front say that at 9 o'clock last Sunday morning, while General Howard was engaged in devotional exercises over fifty miles away, Colonel Bernard's cavalry

SURPRISED THE HOSTILES,

who were camped on Curry creek about forty-five miles from camp Harney, and attacked them. A messenger was sent to General Howard informing him of the situation and asking for reinforcements. When the messenger left it was believed that Captain Robbins, chief of the Idaho scouts, who have accompanied Bernard all through the campaign, and three soldiers, were killed. It was also believed that the hostiles were suffering severely, and that Buffalo Horn, chief of the Bannocks, was among the dead. General Howard has sent orders to have reinforcements

HURRIED TO THE SCENE OF THE ENGAGEMENT,

while those on the Idaho road are instructed to keep a sharp lookout for the Indians and intercept them should they attempt to retreat into Idaho. Captain Egbert's infantry, about one hundred and eighty men, are near camp Lyon on the boundary between Idado and Oregon in position to prevent the hostiles from retreating in that direction. It is believed that if the Indians are pressed by troops from the north they will fall back towards the lava beds of Barren valley, between Harney and Stein mountain, and if compelled to break up into small bands some of them may come across the line into Nevada.

ISSUING RATIONS TO FRIENDLY PIUTES.

We are informed that there are about three hundred Indians at camp McDermit, and that Captain Thompson, commander of the post, is issuing rations to them by order of the Secretary of war. The Indians are much better satisfied with this arrangement than to being sent to reservations, *because they get what the government pays for.* Those Indians are friendly to the whites, and evince a willingness to fight the Bannocks or any other hostile Indians, but they are unanimously against going to the Malhur reservation.—*Silver State.*

A Strike at the Sawmills.

There was a strike on Monday morning at Glenbrook among the mill employes of Yerington, Bliss & Co. The assinged cause of the strike, says the Carson *Appeal*, was based on a complaint of inadequate wages. There has been grumbling for some time past among the workingmen about low wages, but not until Monday morning did the discontent take shape of a positive refusal to work. A number of the company's employes refused to answer the morning's summons to work, and at starting up time there were only enough men on hand to run two of the three mills. An order was immediately sent to Carson for more men, and we have no doubt that it was speedily filled, for Carson, like other places, has its full share of idle men ready to work when opportunity offers. Captain Pray's men also struck. The wages paid at Glenbrook are undoubtedly low—lower than able-bodied white men ought to be expected to work for, and lower than the company would like to have the labor performed for—but an unfortunate combination of circumstances has brought about this sad condition of things.—*Virginia Chronicle.*

Eleven Persons Drowned in a Lake.

On Sunday a party of young people from Ephraim and Mayfield, Utah, on an excursion to Funk's Lake, met with a distressing accident. At one o'clock while they were in the middle of the lake in a small boat, a gale came up, capsizing the boat and drowning eleven out of thirteen on board. The accident was witnessed from the shore, and great exertions made to save the unfortunates, but without avail. After the storm had passed the bodies were recovered. Following is a list of the lost, mostly children: Oliver Oviall, Rosa Belle, Nora Neilson, W. Jensen, Henry Jensen, Mary Williams, Miss Stevens, C. Christiansen, Miss Anderson, Belle Thompson and Martha Anderson.

The Leopard mine at Cornucopia has 1.300 tons of ore on the dump. The new shaft is fully timbered to the depth of 600 feet, and the mine is full of promise.

FELLOWS'

Compound Syrup!

—OF—

HYPOPHOSPHITES.

THIS DISCOVERY

Is the result of a series of Scientific Experiments based upon the theory that "for the successful cure of Wasting Diseases, the nervous system must be made vigorous and healthy."

One of the first symptoms of disease affecting either the Liver, Lungs, Heart, Stomach, or Genital Organs, is a loss of nervous power. This is followed by muscular relaxation, weakness, and emaciation of all the organs which depend for health or involuntary muscular action, the weaker suffering first.

The Inventor, acting upon this idea, that the muscles and nerves depend upon each other for efficient strength and action, and that they must be treated directly in order to speedily and permanently cure diseases of the organs which they control, became convinced, after months of experiment, that no other preparation contained so potent and direct effect upon the nervous system as his

Compound Syrup of Hypophosphites

and except in cases of actual organic loss, that it would restore patients suffering from those maladies.

Amongst the diseases overcome by the use of this remedy are the following:—

Chronic Constipation,
Chronic Dyspepsia,
Asthma,
Chronic Bronchitis,
Consumption,
Chronic Diarrhœa,
Chronic Laryngitis,
Melancholy,
Nervous Debility.

Debility, resulting from Typhoid and other low fevers, Diphtheritic Prostration, Hysteria, Hypocondria, Nervous Excitability, Marasmus or Wasting of the Muscles, Aphonia or Loss of Voice, Sluggishness of the Liver, Interrupted and Feeble Action of the Heart, SUFFOCATING FEELINGS caused by mucous obstruction of the Lungs and Air Passages leading thereto, and Debility from various causes.

Indigestiveness and habitual Costiveness almost always arise from weakness of the muscles and nerves of the stomach and bowels. In such cases, Fellows' Compound Syrup of Hypophosphites has proved itself of the greatest service by inducing healthy peristaltic action of the intestines. The evacuations soon become copious and healthy, without producing the effect of purgative medicine.

Weakness of the JOINTS and MUSCLES, IMPURITY OF THE BLOOD, and INWARD WASTINGS may be cured by attention to the regular described doses, and by due regard to the habits of life.

FELLOWS'

Compound Syrup of Hopophosphites

The power of arresting diseases displayed by this preparation is honorably acknowledged by the medical faculty in every section where it has been introduced, and the large sale is the best guarantee of the estimation in which it is held by the public

This syrup will cure PULMONARY CONSUMPTION in the first and second stages, will give great relief and prolong life in the third. It will cure ASTHMA, BRONKHITIS, LARYNGITIS and COUGHS. It will cure all diseases originating from want of MUSCULAR ACTION and NERVOUS FORCE.

EATING CROW.

Cassidy, of the *Sentinel*, is an outspoken Democrat. He says: "The Virginia *Chronicle*, though opposing Gov. Bradley on the third-term issue, says it will support him heartily in the event that he is the choice of the Democratic State Convention. "We can eat crow, but we don't hanker after it." However, if the Old Man gets away with the baggage in the convention, the *Sentinel* will be found standing in for him until the last ballot is polled."—*Enterprise*.

The above inconsistency is not particularly surprising, and yet it has an odor so peculiarly Democratic that we cannot allow it to pass unnoticed. The *Chronicle* and the *Sentinel*, both leading Democratic journals of this State, have called Governor Bradley everything but an honorable man, and have been unceasing in their vile abuse of his official conduct. Nor have they spoken alone of his acts as the Chief Executive—his personal character has been assailed. He has been styled the "pig-headed old ignoramus," and "man without any honesty in purpose or practice," and now to say "we will eat crow and stand by him should he receive the nomination, to the very end," shows, plainly speaking, dishonesty in politics and a want of honest principles upon the part of both papers. The *Sentinel*, in commenting on a communication in the Elko *Independent*, in which the correspondent speaks of Gov. Bradley as a "a faithful servant of the people," thus assails the Governor:

It is very distateful to us to write down public officials, but there are cases wherein it becomes absolutely necessary. We wish the people of Nevada could know and understand Governor Bradley's record as we know and understand it. In this connection we cannot refrain from directing attention to just one point—we have not the time to follow his acts in detail. Men who understand the workings of the State government know that there is but one way in which taxpayers can be plundered—namely, through dishonest and trumped-up relief bills. Since Bradley has been Governor there has been drawn from the treasury in this shape not far from a million and a half dollars. Of all the relief bills that have passed the legislature during his term, he has never vetoed but one, this one involving a small sum due Warden Hyman for back salary, which upon every ground of decency should have been approved, and which was only disapproved through the most groveling prejudice. As a member of the legislature for almost the same period Bradley has been Governor, we opposed the passage of at least one-half the relief bills presented, believing them to be cold-blooded steals. Bradley approved all, and his official acts are held up as those of a faithful public servant. It can scarcely be that the people of Nevada as a mass are totally devoid of every semblance of discernment.

If Bradley has been guilty of the of the above charges, how can Cassiday, with any show of manly integrity, or the least shadow of political honesty say, "If the 'Old Man' gets away with the baggage, the *Sentinel* will be found standing for him until the last ballot is polled." Consistency, thy name is Cassidy.

The Virginia *Enterprise* justly complains of an expensive city and county government. Complaint has been made in this county that the fee law is very defective and that our county officers, under the present law, can charge fees beyond a reasonable amount for the service rendered. There are also other points in reference to the legality of charges. These points will be brought to the attention of the Supreme Court probably this week. All the counties of this State are interested in this matter. In Virginia city the complaint is that there is a separate city government, a separate county government, and a separate city government for Gold Hill. The grounds of complaint by the *Enterprise* is entirely just.

The Oregon election has probably gone Democratic, but the election is very close between the Democrats and Republicans. The Democrats have the plurality vote, the Independents coming in and by the closeness of the vote preventing a majority for the Democrats. The Democrats certainly have no special occasion to rejoice.

The returns from the State constitutional election of California are not counted yet, but as far as known the convention will stand: At large, Non-Partisan, 85; Workingmen, 52; Democrats, 7; Republican, 8. A majority of the convention is 77.

GENERAL CONNOR.

We are beginning to get frightened at this man Connor. It looks to us as though he would discount any Democrat in the State for Governor. If Eureka is a fair criterion, he will poll at least one-half the Democratic vote. As against Bradley he will carry four-fifths of the Democratic miners. The popular chord was struck when his name was mentioned. Judging from the manner of the receipt of his name by the Republican press, a portion of it at least evidently considers him the dark horse in the race. It strikes us, as an unbiassed outsider, that his friends will sweep Eureka in the primaries by an overwhelming majority.—*Eureka Sentinel*.

In the Eureka *Republican* we find the following squib, which, although a small thing, shows that Connor is also "in the hands of his friends:"

On Saturday night the National Guard were drilled at Armory hall. General Connor favored the boys with his presence and a speech.

A Voice from Tuscarora.

Professor W. F. Stewart thus writes from Tuscarora to the Virginia *Enterprise:*

After patiently hanging on here for more than a month past, with the hope that I might be able to send words of encouragement to my friends at Virginia city, I am at last compelled to admit to you that the present outlook of this camp is bluer than a saturated solution of indigo, and the prospects of anything more brilliant in the near future is daily growing beautifully less. I still hold an unwavering faith in the ultimate value and permanency of our mines, but I am now convinced that new life and confidence will not be restored to Tuscarora district before snow flies late next autumn. The Grand Prize company is making herculean endeavors toward getting the mine in shape for an early resumption of the work, and nobody for an instant doubts that the new shaft will develop a rich bonanza in the "Old Reliable;" but it takes time to erect heavy machinery, to build the necessary houses and to blast the rocks to a great depth, as you of the Comstock are fully aware, and, in my opinion, the Prize will not be ready to resume the shipment of bullion before next October. The Independence is doing nobly and still keeps life and hope in the camp, but there has been such persistent and disgraceful "shenannegan" in the management of many of our leading mines, that people at a distance have set the entire district down as a worthless wildcat. The Navajo has been, and is now, the black sheep of the camp, and it is worse than useless to try to convince Eastern capitalists that every claim in the district is not "sugared with the same stick."

There is a fixed belief in the minds of the people here that the best mines in Tuscarora and Cornucopia are being manipulated by a well-known ring of San Francisco bears, and there is not the ghost of a chance for any outsider to realize a dime upon either stock purchase or dividends. I am firmly of the opinion myself, and I sincerely hope that none of my friends will hazard a dollar here unless they can get on the inside or hang the swindling wretches who have ruined the prosperity of this splendid mining country. Business of every kind is dreadfully dull at Tuscarora. Many men are here out of employment and out of money, and I warn those who intend coming here not to do so till late next autumn.

CONDENSED TELEGRAMS.

Secretary Sherman says he is losing interest in the Potter investigation since it has descended into a mere inquiry as to whether Anderson is a liar or not.

The military departments of the South and Gulf are consolidated under the name of Department of the South, Brigadier General C. C. Augur commanding, to take effect on the 1st of July.

The *Tribune's* Washington special says ex-Governor Hendricks who is in Washington, speaks in unfavorable terms of the Potter committe and proceedings. Hendricks predicted Grant's nomination in 1880.

Isaac Cohn, leader of one of the labor organizations in Washington, says that 100,000 workingmen from Baltimore, Philadelphia and Now York will be in that city. He does not state what they intend to do there.

Oliver S. Vincent and William H. Code, clerks in the Tax Collector's office at Brooklyn, entered the vault on the 24th to search for books, and Code struck a match to light the gas jet. An explosion of gas followed. The wall of the vault was blown into the middle of the room, windows and sashes demolished, Vincent and Code fatally and several others injured.

The Carson *Tribune* of the 24th says: W. D. Denman, the head man of the Alpine wood drive, was in Carson yesterday. He informs us that 55,000 cords of wood were let into the Carson river on Saturday, and that the stage of water is very good for a favorable drive. Frank Young, a man employed on the drive, was drowned at the head of the river whilst cutting away the boom. His body was recovered and buried by the boys.

Surgeons attending Associate Justice Miller announces that all the indications are favorable for his gradual recovery.

DIED.

MASTEN—Near Reno, June 5th, S.S. Mrs. Rachael Masten, wife of Uriah Masten, aged sixty-four years.

Jottings.

— See 50-cent column for cheap furniture.

— California at 15¾ don't speak well for $2 dividend stock.

— Hereafter the dry goods store of Messrs. Grey & Isaacs will be closed on Sundays.

— Don't fail to attend the great chromo sale this evening at Marshall's building. Sale commences at eight o'clock promptly.

BOWERS MANSION.—We have often said that there is no pleasanter spot in this State for a picnic than Bowers' Mansion. By glancing over another column the reader will find a few of these reasons freely stated. This lovely retreat is convenient of access to our citizens, and one of our county men, Nat Holmes, a genial gentleman who understands the wants of pleasure seekers and has anticipated the same by most admirable provisions, is the proprietor. We should take occasion to speak of Bowers' Mansion again but trust that ere long we shall have the pleasure to announce a Reno picnic for that most charming spot.

I. O. O. F. ELECTION.—The following officers were elected on Monday evening by Reno Encampment No. 5, I. O. O. F., to serve the ensuing term: C. P., G. W. Cunningham; H. P., F. C. Updike; S. W., D. McKay; J. W., J. S. Gilson; S., J. S. Bowker; T., I Fredrick; Trustees, J. S. Shoemaker, G. W. Cunningham, I. Fredrick.

GONE BELOW. — Monday evening Superintendent Jas. G. Fair passed through Reno *en route* to San Francisco, where he will remain four or five days to straighten up his business. He will then sail down the coast to Los Angeles or proceed to some thermal springs.

SOLDIERS.—A special train of fourteen cars containing three companies of soldiers, with arms, amunition, etc., arrived in Reno this morning from San Francisco. At six o'clock the train moved on for Winnemucca. These troops go to fight the Bannocks.

Special Train.

The V. & T. R. R. Co. will put on a special train during the Reno races, which will take place on June 27th, 28th and 29th. This train will leave Virginia city at 9:10 in the morning, and returning will leave Reno at 5 o'clock in the afternoon. This will give all visitors a chance to see the races and other attractions of the town, and enable them to get back in good time. Those who go especially to see the races may get off at the track, where they will be able to get everything necessary for temporary accommodation in the way of eating and drinking. The people of Reno are always courteous to strangers within their gates, and are not given to making extortionate demands for such supplies as they furnish the hungry and thirsty. The fare for the round trip to Reno and back is placed at $2 50, which will make it possible for all sport-loving citizens to have three days of fun on the turf. If there are any who desire to stop off at Carson they can make the round trip for $1 50. Children under twelve years of age will be charged only one-half of the reduced rates. In these matters the managers of the railroad company are displaying a spirit of liberality which will surely be appreciated by our people.—*Gold Hill News.*

And now that our reputation for hospitality is so good, let us maintain the same and when our friends from the Comstock and Carson attend Mr. Norcross' races, we are fully convinced that they will return well pleased with Reno and its citizens.

Public Schools.

The closing exercises of Mr. Ring's department were held to-day. In the forenoon after the singing came the class in geometry. Miss. Flora Northrop, the only member in this class did well. Then came the second and third classes in arithmetic. The forenoon examination closed with the first class in arithmetic. This afternoon the classes in algebra and grammer were examined. Mr. Ring's pupils as a rule did well. To-morrow and on Friday there will be no session in his room, but the time will be consumed in rehearsal for the public entertainment on Friday and Saturday evenings at the Acadamy of Music. To-morrow Mr. Cantrill will hold his examination. On Friday afternoon there will be a number of declamations dialogues ect. in his room.

On Friday afternoon the closing exercises in the other departments will consist of songs and recitations.

Miner Killed.

Yesterday morning about 9 o'clock John Isola, an Italian aged some forty-two years, was killed by a falling ore bucket in the Jones & Kinkead mine at Pyramid. John was bailing out water at the 330 level. The ore bucket, full of ore, was being drawn to the surface; when it reached the surface it passed into an adjoining slide and the rope, therefore, when the bucket arrived at the sheaves, must be cut in two or something give way. The rope gave way and down fell the bucket 330 feet, striking John. His right leg was broken and his brains scattered. Coroner Haslund went out to the mine last evening, held the inquest this forenoon and this afternoon he was buried. This is the first fatal accident at Pyramid, and it was purely accidental.

Annual Meeting.

The stockholders of the Farmers' Co-operative Association held their annual meeting yesterday afternoon. Reports were made by the old officers which show that the affairs of the association are in a flourishing condition, and the prospects for the future were never so flattering as at the present time. The election of Trustees and officers then ensued, and the following gentlemen were elected to hold office for one year: Trustees—George Alt, A. A. Longley, J. C. Smith and Geo. S. Smith of Reno, H. K. Cornell and Fred Hines of Susanville, and George W. Mapes of Sierra valley. Officers—President, A. A. Longley; Vice-President, Geo. Alt; J. C. Smith, Treasurer; Secretary and Manager, John Cahlan.

PERSONAL.—Mr. John H. Kinkead, Republican candidate for Governor, is in town. He is a gentleman of ability and political integrity, and would poll a very strong vote should he receive the nomination for chief executive. It is asserted that in his own county, Humboldt, he would receive 200 majority over any other candidate.

ANOTHER FOOL.—To day Potter, the wheelbarrow tramp, will leave Omaha for San Francisco. Those who have seen him tell us that he walks with a lively stride, and wheels a very light barrow. The bet, we believe, is $1000. When he arrived at Omaha he was fifteen days ahead of time.

Fatal Accident.

About 2 o'clock Monday afternoon Dan Jordan, forward brakeman on conductor Havenor's train, met with a severe, and as it has subsequently proven, a fatal accident. He was about to couple two cars and attempted to step upon the pilot or cow-catcher of the engine, as it was slowly moving out of the yard at Steamboat. His foot slipped and he fell from the track, but his right foot was caught by the pony wheels of the engine and the heel mashed off and the small bone of the leg broken. His leg was promptly corded to stop the flow of blood and the unfortunate man hurried to Carson by engine and caboose. A doctor was called, but the quack did not cut off Jordan's leg, but let the man die, which he did yesterday at 11 o'clock. Jordan leaves a wife. We say the Dr. let the man die, so it must appear if our information be correct. If in error, we will make due reparation by counter statement.

TO-MORROW'S RACES.—There will be two live races to-morrow at the race track. The first is a running race; purse $75, mile dash, free for all horses owned in Washoe county; second horse to receive $10. Cousic Vic barred. The second is a trotting race, purse $75; mile heats, three in five to harness; for all horses in Washoe county that have never beaten three minutes; second horse to get $20. All the entries to the trotting races have been made and filled. The entries to the running races will be made the evening before the race. Pools sell to-night at White & Block's saloon, on Commercial Row.

CLOSE OF SCHOOL. — The Glendale school, Miss Royce, teacher, closed for the summer vacation last Friday. After the exercises in the school-room were terminated, the teacher, pupils, and a number of friends enjoyed a picnic dinner, and spent the remainder of the afternoon in the informal manner characteristic of such pleasant occasions.

SALE OF CHROMOS.—A large number of ladies and gentlemen were present last evening at the sale of those elegant chromos in Marshall's building. The sale was very lively and a number of our citizens were seen about 10 o'clock wending their way homeward with a fine large beauty to adorn their parlors. The sale will be continued this evening.

AH CHOUEY.— The sentence of Ah Chouey will be rendered by Judge Wright to-morrow morning, unless his attorneys move for a new trial, and this they will do. In case a new trial is not granted defendent's case will be appealed to the Supreme Court.

MEETING.—A meeting of Washoe Fire Engine Co., No. 2, will be held this evening. The object of the call is to decide whether the company will maintain its present organization or disband. A full attendance is desired.

SPECIAL NOTICES.
